Professional Records Management is a locally owned and operated company specializing in the management and offsite storage of confidential business records.

We offer innovative and practical service solutions including web based software that gives you the tools necessary to effectively manage your inactive business records. We make records retention a simple process that gives your staff more time to focus on the client and improve the bottom line. Our confidential offsite records management service will REDUCE COSTS, ensure internal & regulatory COMPLIANCE, and provide the highest levels of SECURITY.

Cost Control, Compliance, and Security are three (3) critical document management requirements we have incorporated into PRM Total Control®. PRM Total Control® is our web based document management software that gives our clients the ability to effectively manage their records. Real solutions to 21st century records management problems along with our hands-on customer service are designed to ensure your complete satisfaction. At PRM we are not selling offsite records storage, we are selling document management solutions.

We also provide Secure Document Collection & Shredding services with scheduled service from every week to every four weeks. For those occasional "Clean Out" projects we can place temporary purge bins throughout your office. These services will ensure compliance with State & Federal regulations and your own common sense practices regarding the collection and disposal of sensitive or privileged documents.

Solstice Transportation Consulting has two business focus areas. We work with large institutional customers such as Universities and Colleges, Healthcare Providers, Corporate Campus Customers, Residential Developments, and Municipalities to provide transportation operations consulting. Once your institution has determined 'what' type of transportation you want to provide, we help you develop the 'how' of that transit system delivery.

Our consultants focus on Operations, identifying vehicles, contractors, process plans, needs analysis, and feasibility studies. We then target transportation performance, the ongoing system monitoring and quality assurance, and transportation technology.

Fleet Tech Manager

info@ftmanager.com

Fleet Tech Manager enables any customer with a fleet, whether that fleet consists of:

- *Delivery Trucks/Vans
- *Employee Fleets
- *Construction Equipment
- *Buses

We provide you with high level targeted management reporting that gives you a system report in one page. You'll know each week where you have issues, and what areas need to be corrected from an operator, safety, or maintenance standpoint. The combination of technology and high level transportation analysis gives you a reliable tool to reduce costs, maintenance down time, and help ensure regulatory compliance.

For more than thirty years American Reprographics Corporation has been printing for some of the Southeast's most respected companies. From letterhead and business cards to brochures and full color presentation packages, we provide the quickest turnaround times to meet our customers' specific needs. You are one call away from getting your printing job started and giving it that professional image you are looking for. Our state of the art equipment lets us maintain the highest quality standards in the industry. American Reprographics Corporation is now able to offer graphic and logo design services as well. Our service department and technicians are renowned for their quality and efficiency.

American Reprographics Corporation has been your "one-stop shop" for over 10,000 products, including laser and inkjet supplies, fax supplies, copier supplies, printer ribbons, computer accessories, peripherals, recordable media, output media, and thermal transfer supplies. We represent over 145 prominent manufacturers including Hewlett Packard, Lexmark, Xerox, Sharp, Canon, Minolta, Tally, Dell, Brother, Konica, Sony and many more. We stock not only top selling products, but also the hardest to find products other retailers can't or don't offer. The quality of our service and support team, here and around the country, is unsurpassed. In an emergency, we can generally have our supplies to you within an hour. Otherwise, next day delivery is standard.

American Reprographics Corporation provides new brand and ARC compatible cartridges. We realize that our continued success depends on our quality and our ability to keep pace with the OEMs while still providing a product at an attractive cost. The quality control for these products is unsurpassed by the makers of remanufactured cartridges. These cartridges are made with as many new parts and undergo the same scrutiny of any new, OEM cartridge. By providing you with these high quality cartridges, we ensure quality, performance, and dependability.

American Reprographics Corporation provides maintenance and service agreements for most brands of copiers, printers, and fax machines. Our rapid response to your technical problems will ensure that your business will experience only the minimum of interruptions. So what's the bottom line? We offer a host of services designed to reduce and eliminate your costs of doing business, making your company more efficient and more profitable.

Speedpro Imaging specializes in large format digital imaging of amazing clarity. Whether you need to make an impression or communicate a message, inside or outside, we can take your imagery to a new level. We combine our design and production expertise with our network's 23 years in the graphics and sign industry to deliver the impactful results your company requires. Speedpro will take the time to understand your needs and then make a recommendation that maximizes your message. We are ready to meet your visual communication needs.

Besides the common digital imaging needs such as banners and trade show graphics we have other creative ways to help you communicate your messaging. From vivid wall murals, realistic floor graphics, point of purchase displays, backlit images or customized wallpaper we have the ability to design and create incredible imagery.

Of course, we specialize in the fastest growing form of advertising in the country - vehicle wraps. We understand the components of an effective vehicle wrap - the design (there are effective and ineffective vehicle wrap design techniques) the printing (we use Roland printers and the top rated vehicle wrap product from 3M) and the installation (our installer has been in the business for 20 years).

The Miller Richmond Company ("MRC") is a commercial real estate brokerage firm with over 25 years of successfully providing commercial real estate services for office, industrial and healthcare property. We provide our clients with a full array of services including commercial property acquisitions, relocations and lease renewals/re negotiations. Our firm's success has been driven by a simple strategy: unlike most commercial real estate brokerage companies, the firm does not provide any services to the traditional "Landlord Community." This philosophy allows us to avoid critical conflicts of interest pervasive throughout the commercial real estate industry. Our business development is the result of long-term client relationships, personal referrals and an extended business network. Our goal is not to be the biggest but simply the best at what we do. When it comes to client-oriented non-conflicted tenant representation, The Miller Richmond Company is the industry leader.
