Many Aflac associates out there pitch Aflac policies and programs. What sets me apart from other Aflac salespeople is the superior customer service you will receive and my ability to work within a company's environment without disrupting business operations. My business background and entrepreneurship mentality make me uniquely qualified to perform at the highest level. I have over 20 years of experience in corporate and small business environments. I ran several of my own small businesses, worked in management for large corporations and worked for years as a consultant for small, medium and large companies.

Aflac insurance policies are available as a payroll deduction at work or via a direct basis through me. Applying for Aflac coverage at work has many advantages including the ability to obtain policies on a pre-tax basis which will result in lower effective premiums.

Solstice Transportation Consulting has two business focus areas. We work with large institutional customers such as Universities and Colleges, Healthcare Providers, Corporate Campus Customers, Residential Developments, and Municipalities to provide transportation operations consulting. Once your institution has determined 'what' type of transportation you want to provide, we help you develop the 'how' of that transit system delivery.

Our consultants focus on Operations, identifying vehicles, contractors, process plans, needs analysis, and feasibility studies. We then target transportation performance, the ongoing system monitoring and quality assurance, and transportation technology.

Fleet Tech Manager

info@ftmanager.com
www.ftmanager.com

Fleet Tech Manager enables any customer with a fleet, whether that fleet consists of:

- *Delivery Trucks/Vans
- *Employee Fleets
- *Construction Equipment
- *Buses

We provide you with high level targeted management reporting that gives you a system report in one page. You'll know each week where you have issues, and what areas need to be corrected from an operator, safety, or maintenance standpoint. The combination of technology and high level transportation analysis gives you a reliable tool to reduce costs, maintenance down time, and help ensure regulatory compliance.

Speedpro Imaging specializes in large format digital imaging of amazing clarity. Whether you need to make an impression or communicate a message, inside or outside, we can take your imagery to a new level. We combine our design and production expertise with our network's 23 years in the graphics and sign industry to deliver the impactful results your company requires. Speedpro will take the time to understand your needs and then make a recommendation that maximizes your message. We are ready to meet your visual communication needs.

Besides the common digital imaging needs such as banners and trade show graphics we have other creative ways to help you communicate your messaging. From vivid wall murals, realistic floor graphics, point of purchase displays, backlit images or customized wallpaper we have the ability to design and create incredible imagery.

Of course, we specialize in the fastest growing form of advertising in the country - vehicle wraps. We understand the components of an effective vehicle wrap - the design (there are effective and ineffective vehicle wrap design techniques) the printing (we use Roland printers and the top rated vehicle wrap product from 3M) and the installation (our installer has been in the business for 20 years).

In 1980, at the crux of the trends that shaped Atlanta's real estate market, Charles B. King, Jr. founded King Industrial Realty. Since then, the firm has built its business on two cornerstones: Superior knowledge of the Atlanta industrial real estate market and broker professionalism. As a result, we are Atlanta's premier industrial real estate firm. With the area's largest concentration of active industrial agents and collective experience of more than 240 years, King Industrial Realty negotiates leases and sales for more than 5.2 million square feet of warehouse, research, manufacturing, high tech and service center space annually.

The Miller Richmond Company ("MRC") is a commercial real estate brokerage firm with over 25 years of successfully providing commercial real estate services for office, industrial and healthcare property. We provide our clients with a full array of services including commercial property acquisitions, relocations and lease renewals/renegotiations. Our firm's success has been driven by a simple strategy: unlike most commercial real estate brokerage companies, the firm does not provide any services to the traditional "Landlord Community." This philosophy allows us to avoid critical conflicts of interest pervasive throughout the commercial real estate industry. Our business development is the result of long-term client relationships, personal referrals and an extended business network. Our goal is not to be the biggest but simply the best at what we do. When it comes to client-oriented non-conflicted tenant representation, The Miller Richmond Company is the industry leader.
